Deutsche Bank is one of the world's leading Commercial banks and serves more than 24 million customers in over 70 countries. In these uncertain times, Deutsche Bank seeks to provide value-added services to clients in all corners of the world, including the Netherlands, where we are significantly expanding our presence. We bring to the Netherlands the combined strength of our global network, our high-quality products and our in-depth knowledge of all areas of the financial markets. Meet our Passion to Perform.

Deutsche Bank competes to be the leading commercial and investment bank of the Netherlands. Our people deliver superior solutions for our clients. For this reason we are looking for 'agile minds', able to see beyond the obvious and act effectively in an ever changing global business landscape. We are driven by a shared sense of purpose and commitment, to our colleagues, our clients and our social environment. Passion to perform. That's the way we do business.

Corporate Banking & Securities

Benelux Investment Banking Coverage & Advisory Internship

Introduction

In 2012, Deutsche Bank was awarded the title 'Best Global Investment Bank' by Euromoney, the flagship international finance magazine. The Corporate Finance division, with its integrated investment banking products, sector and country coverage, played a crucial role in achieving this success. Also in the Benelux, Deutsche Bank has long established itself as one of the leading investment banks. The Benelux Investment Banking Coverage & Advisory team operates both from London and Amsterdam, with approximately ten professionals based in Amsterdam.

We offer

- All-year-round slots for 3-month internships;
- ± 8 slots per year.

Your Profile and background

Deutsche Bank is looking for outstanding students with powerful minds who are near the end of their academic studies. We recruit highly motivated individuals from diverse backgrounds and cultures, all of whom possess:

- Highly developed numerical skills;
- Superior analytical attitude;
- Creative problem solving abilities;
- Excellent communication skills;
- A client focused approach.

While your academic excellence and relevant work experience are valuable to us, the personal qualities you bring to the table are equally important and appreciated. Leadership potential is imperative, along with a demonstrated interest in finance.

Requirements

- Finalised or working towards master academic university education or equivalent (WO required, not HBO only);
- Fluent Dutch and English language skills.

Selection Process

The first selection round is based on an assessment of the quality of your Curriculum Vitae, grades and motivation. For the second selection round you will be invited for several one-on-one interviews where your CV and motivation will be further discussed. Furthermore, you will be required to solve multiple cases in order to assess your affinity with finance and to test your analytical thinking and numerical skills.

Further information and applications

If you are interested in our Benelux Investment Banking Coverage & Advisory Internship in Amsterdam, please send your CV along with a cover letter (explaining your motivation) and grade lists (both secondary school and university) to our recruitment team: recruitment.beneluxcf@db.com
